

ENVIRONMENTAL POLICY STATEMENT

TECHTRIO Ltd are fully committed to the continual improvement of the environmental management system through constant monitoring and review to reduce our environmental impact.

This Environmental Policy Statement is applicable to all areas of our business and has been implemented to meet the requirements of the ISO 14001:2015.

It is our Policy to:

- Protect the environment and prevent pollution in all aspects of our business
- Reduce environmental aspects and impacts of our operations
- Recycle / reuse materials wherever practical
- Minimise the environmental impact, for the life cycle (including disposal) of all plant, equipment, and other physical assets under our control.
- Comply with legislation and all other applicable compliance obligations

MONITORING OUR PROGRESS – Objectives, Targets and Management Programmes

Our objectives and targets will be set and reviewed by management at the required and designated intervals.

We will employ specialists where necessary to assist with environmental matters. We will ensure that we adhere to our Policy and Programmes, and address resulting actions identified through it.

We have included within our system measures to control abnormal and emergency situations.

It is our aim to also consult and communicate our Policy with our Client's and their representative's, our sub-contractors and our suppliers and all persons working for or on behalf of our Company, to promote environmental awareness, to gain their support to meet our objectives. All of our employees have been briefed and are fully aware of our Environmental Policy.

WORKING IN PARTNERSHIP

We will consult with Local and National Government bodies, enforcing and regulatory authorities, and specialists to seek advice and assistance towards achievement of our Environmental Management Programme to its full potential. We will, at all times, comply with regulations, legislation, codes of practice and other requirements associated with the Company and its' operations. Where no laws, regulations or codes of practice exist, we will develop our own standards to allow for the best practicable and financially viable environmental option, not entailing significant and detrimental costs to the Company, whilst considering public, local and interested parties opinions
